SKILLS

- **Languages:** C++, JavaScript, Java, Python, C, PHP
- **Full-Stack Development:** HTML, CSS, Tailwind CSS, Bootstrap, Node.js, Express, React
- **Databases:** MySQL, MongoDB
- **Data Structures & Algorithms:** Arrays, Linked Lists, Stack, Queue, Trees, Graphs, Sorting, Searching

SUMMER TRAINING

- **Data Structure & Algorithm – Self Paced:** June - 2024
Master DSA basics, optimize code, solve problems efficiently, and prepare for coding interviews.
Gain a deeper understanding of algorithmic techniques like sorting, searching, and dynamic programming.
Build problem-solving skills with hands-on practice and real-world coding challenges.

PROJECTS

- **Woofey – Online Food Delivery Website:** September 2024 – November 2024
Developed a full-stack online food delivery platform
Enabled ordering, tracking, and payments via Razorpay
Built frontend using React, Tailwind CSS, and JavaScript
Designed backend with Node.js and MongoDB
Created RESTful APIs for frontend-backend communication
Tech Stack: React, Tailwind CSS, JavaScript, MongoDB, PHP, MySQL
- **Boost-Pro – Fitness and Wellness Platform** July 2024
Built a fitness platform for booking workouts, tracking progress, and accessing health services.
Designed a user-friendly interface using HTML, CSS, and JavaScript.
Integrated REST APIs for sending emails directly to users.
Implemented a payment gateway for seamless membership transactions.
Added features for live classes, diet tracking, and personalized workout plans
Tech Stack: HTML, CSS, JavaScript, REST APIs
- **Emergency Ambulance Booking Portal** January 2024 – February 2024
Developed a real-time ambulance booking platform for emergencies.
Designed a responsive UI using HTML, CSS, Bootstrap, and JavaScript.
Implemented live tracking and booking status updates.
Integrated an Admin Panel for managing bookings, ambulances, and users.
Built the backend using PHP and MySQL for secure and efficient data management.
Added a "watch status" system to check ambulance availability.
Tech Stack: HTML, CSS, Bootstrap, JavaScript, PHP, MySQL

CERTIFICATIONS

- Data Structures and Algorithms - Self Paced March 2024 - April 2024
- HTML, CSS, and JavaScript for Web Developers May 2024
- Server-side JavaScript with Node.js April 2024

ACHIEVEMENTS

- **Hack-A-Throne 2024 by AIESEC:** Reached the final round
- **ABHIBYAKTI 2K20:** Runner-up (2nd Position) in an essay writing competition at IIMT Group of Colleges
- **Secured 5th Rank in Code-A-Haunt Hackathon** at Lovely Professional University

EDUCATION

- **Lovely Professional University** Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering Since August 2023
- **IMT College of Polytechnic** Greater Noida, Uttar Pradesh
Diploma in Mechanical Engineering April 2019 - March 2022
- **St. Mary's Academy** Ekangarsarai, Nalanda
Matriculation April 2009 - March 2019
